👤 Personal Statement

I am a sophomore at Brandeis University (Class of 2028) . Before coming to Boston, I lived in Mercer Island, near Seattle, for eight years. I was born in China and attended elementary school in Beijing before moving to the United States.

I am honored to have received the 2024 Mercer Island Community Scholarship. As an Eagle Scout, a karate black belt, and a half-marathon finisher, I have developed strong discipline, perseverance, and leadership skills. I look forward to applying these qualities while contributing positively to your team.
